9. What would be the impact if DASB did not completely fund this request? Honors program is a student program. No funding will mean students will not have access to all we can offer. The program has done very well providing opportunities for students through workshops, university presentations, and general advising and training to make the prepared for their academic life and careers. Limiting of DASB assistant can drastically affect how much we can support students and live to the potentials of the program. Without the funding we will not be able to keep the office open regularly and support the students. The program the size of ours requires multiple administrators to operate effectively. Without a dedicated office assistant we won't be able to plan and organize event, workshops, and help students in daily basis
