

Needs – November 13, 2023

District and College Committees – Needs

2 – Faculty Representatives – AVPI Hiring committee.

Committee meetings may begin in late November with interviews in January.

1 - RAPP Executive Secretary

This is a non-voting member of the Resource Allocation and Program Planning Committee. They meet on Tuesdays from 10am to 11:25am via Zoom.

1 - Faculty Representative --Campus Center Advisory Committee

Meetings, one per quarter. They already met in October so the next meeting will be in Winter 2024.

1- Faculty Representative --J1 Training and Implementation District Committee

Each campus gets 2 senate representatives, and the tenure review coordinator is also on the committee. We need ONE (1) more faculty representative.

The committee does not yet have set times to meet. But last spring they met sometimes on Thursday afternoon and sometimes on Friday mornings. The committee will need to meet 2-3 times in Fall and only 1 each probably in Winter and Spring. In addition to these meetings the committee members might be asked to review or prepare materials for a meeting 1-3 hours of work for each meeting, and committee members might be asked to help facilitate the training workshops. We hope that role will be rotating, and each member of the committee will do only a few of the trainings during the year (2 or 3).

AS Scholarship Committee members. We have three volunteers, but it would be great to have more committee members to assist with the process including the reading of scholarship applications.

As many as possible - EO Representatives -- Human Resources
