COURSE: Math 1B-10Y, CRN 26001
QUARTER: Fall 2022
DAY: Tuesdays 4:00p-6:15p
Room: G7
INSTRUCTOR: Millia Ison
EMAIL: isonmillia@fhda.edu
COURSE PREREQUISITES: Math 1A, or equivalent course with a grade " C " or better.
TEXT: Calculus: Early Transcendentals, by James Stewart, 9th edition.

ENROLL WEB ASSIGN: Log into your Canvas account, In Module, Click WebAssign Sign in to continue the registration process. Your Cengage course materials will open in a new tab or window, so be sure pop-ups are enabled. Homework and quizzes are on Web Assign.

EQUIPMENT: A graphic calculator or a computer with graph capability is required. GRADING:
Homework ----160 points
Quizzes ----------80 points
3 midterms --- 150 points
Final exam ---- 110 points
Total ----------- 500 points
$\left|\begin{array}{l}\text { A: } 93 \%-96 \%, 465-500 \mathrm{pts} \\ \text { A-: } 90 \%-92 \%, 450-464 \mathrm{pts} \\ \text { B+: } 87 \%-89 \%, 435-449 \mathrm{pts} \\ \text { B: } 83 \%-86 \%, 415-434 \mathrm{pts} \\ \text { B }-: 80 \%-82 \%, 400-414 \mathrm{pts}\end{array}\right|$
$\mathrm{C}+: 76 \%-79 \%, 380-399 \mathrm{pts}$
C: $70 \%-75 \%, 350-379$ pts
D: $60 \%-69 \%, 300-349$ pts
F: $0 \%-59 \%, 0-299$ pts

HOMEWORK POINTS: You need to do your homework on a regular basis. However, all homework is due Tue. December 13, 11:59 pm. No Extension under any circumstances. A total point on WebAssign is 703 (subject to change). Out which, 683 points are required (subject to change). If you have 683, you earn 160 points (full credit) toward your grade. If you have total of 703 , then $703 / 683 \approx 1.03$, that is $103 \%, 103 \% \times 160 \approx 164$ which is 4 points extra credit. The total amount of the extra credit will be decided after the final exam.

QUIZ POINTS: 5 points each. 2 quizzes each week ( 1 quiz if a week has exam). One is due Wednesdays $11: 59$ p, available Tuesdays $6: 30 \mathrm{pm}$; the other one is due Friday 11:59p, available Thursdays 8:00. NO EXTENSION under any circumstances. If the deadline is missed, you get 0 for the quiz. There are 18 quizzes this quarter. 2 lowest scores will be dropped.

EXAM POINTS: 50 points each.Exams are in Room G7 on campus. See Calendar next page for exam dates. No make-up midterm exams. 0 point for missed exam. For unusual circumstances, you must contact me on or before the exam time, then the percentage of your final exam score multiply by 50 will replace the exam score. Exam Review is on WebAssign for each exam; it is optional.
Points of the Reviews are NOT part of grade.
FINAL EXAM: 110 points. December 13, Tuesday, 4-6 p. Room G7 on campus. Fail to take the final exam, you will receive " $F$ " for your grade.

Exams and quizzes are to test your understanding of the course material and homework assignments. Cheating of any form on quizzes, midterm exams or final exam will be grounds for disciplinary action.

IMPORTANT DATES: Sunday, Oct. 9 --- Last day to drop without grade on your record. Friday, Nov. 18 --- Last day to drop with a "W".

Student is responsible to withdraw from the class. The last day for you to withdraw is Nov. 11. After that day, you will receive a grade.

## Student Learning Outcome(s):

*Analyze the definite integral from a graphical, numerical, analytical, and verbal approach, using correct notation and mathematical precision.
*Formulate and use the Fundamental Theorem of Calculus.
*Apply the definite integral in solving problems in analytical geometry and the sciences.
